**NOTICE IN RELATION TO TSING SHAN FIRING RANGE**

In accordance with the relevant legislation including the Public Order Ordinance (Chapter 245) and the Military Installations Closed Areas Order (Chapter 245B), Tsing Shan Firing Range is a Military Closed Area, entry to which without the permission of the Hong Kong Garrison of the Chinese People's Liberation Army ('the Garrison') shall constitute an offence punishable on summary conviction by a fine at level 2 and imprisonment for 2 years. Members of the public are also reminded that Tsing Shan Firing Range is an important training site of the Garrison, where higher safety hazards exist due to the firing practices held there regularly. In particular, unexploded bombs left behind by the other military forces have been found at the site recently and a special clearance operation is being organised. Members of the public should not enter the area concerned in order to avoid personal injuries.
