## SCHEDULE

### *Foreshore and sea-bed affected*

Approximately 1 425 square metres of foreshore and sea-bed from Telegraph Bay to Pak Kok Tsui, as delineated and shown by a bold red line on a plan, numbered ISM3219b, deposited in the Land Registry.

*Description of the undertaking and the manner in which the foreshore and sea-bed will be affected by the proposed undertaking*

- (i) Installation of an optical fibre submarine cable of approximately 2.25 kilometres in length and 60 millimetres in diameter.
- (ii) A cable-laying barge will be employed to simultaneously lay and bury the submarine cable in a trench of about 0.5 metre in width at a target burial depth of about 3 to 5 metres below the sea-bed. For the cable section approaching the landing sites where the foreshore is rocky, the cable will be installed by diver(s) and protected by articulated pipe.
- (iii) When the proposed cable crosses with the sub-cropping rock areas, a shallower burial depth of about 1 to 2 metres below the sea-bed may be required. Additional cable protection will be employed, which may include placing reinforced precast concrete mattresses on top of the submarine cable, placing the submarine cable in articulated pipe or 'Uraduct' prior to cable burial. The affected area will be of approximately 200 metres in length and approximately 2 metres in width.

#### Personal Information Collection Statement

Any information, including the personal data, submitted to the Director of Lands in connection with any written claims served under section 12(1) of the Foreshore and Sea-bed (Reclamations) Ordinance (Chapter 127) will be used for the processing of the claims and other related purposes. The provision of the information, including the personal data, as required under section 12(1) of the Foreshore and Sea-bed (Reclamations) Ordinance (Chapter 127) is obligatory. If such information, including the personal data, as required under section 12(1) of the Foreshore and Sea-bed (Reclamations) Ordinance (Chapter 127) is not provided as requested, the claims may be rejected. Any information, including the personal data, so submitted may be disclosed to the relevant government departments and other organizations or agencies which are required to handle the claims and related matters. Persons who have so submitted their personal data have the rights to request access to and correction of their personal data held by us. Request for access to or correction of the personal data should be made in writing to the Departmental Personal Data Controlling Officer of Lands Department at 21st Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong.
