Saturdays, Sundays and Public Holidays	closed

*Islands Home Affairs Enquiry Centre (Tung Chung)*

Monday to Friday	9.00 a.m. to 7.00 p.m.
Saturdays, Sundays and Public Holidays	closed

*Sai Kung Home Affairs Enquiry Centre*

Monday to Friday	9.00 a.m. to 7.00 p.m.
Saturdays, Sundays and Public Holidays	closed

Further queries regarding the proposed works can be addressed to the District Lands Office, Hong Kong West and South, 20th Floor, Southorn Centre, 130 Hennessy Road, Wan Chai, Hong Kong (Telephone No.: 2835 2408).

Any person who considers that he has an interest, right or easement in or over the foreshore and sea-bed so described may, by notice in writing delivered to the Director of Lands, 20th Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong before the expiration of two months from the date of this notice, object to the proposed undertaking. The notice of objection shall describe the interest, right or easement of the objector and the manner in which he alleges he will be affected.

## SCHEDULE

*Description of the undertaking and the manner in which the foreshore and sea-bed will be affected by the proposed undertaking*

### *Foreshore and sea-bed affected*

Approximately 1.73 hectares of foreshore and sea-bed from Chung Hom Kok to the eastern boundary of the Hong Kong Special Administrative Region, as delineated and shown by a bold red line on a plan, numbered HKM10685, deposited in the Land Registry.

- (i) Installation of an optical fibre submarine cable of approximately 34.6 kilometres in length and 38 millimetres in diameter. A cable-laying barge will be employed to simultaneously lay and bury the submarine cable in a trench of about 0.5 metre in width at a target burial depth of about 5 metres below the sea-bed. For the cable section near the shore, the cable will be installed by divers and protected by articulated pipe.
- (ii) At the crossing of an existing gas pipeline, the proposed cable will be surface laid either by the burial tool or divers, over the top of the gas pipeline, for a section of approximately 200 metres to avoid any interference. Additional cable protection by 'Uraduct' will be employed.
- (iii) Where the proposed cable crosses with an existing submarine cable, burial depth of about 3 metres below the sea-bed on top of the existing cables will be required. The actual burial depth will be subject to the depth of the existing cables.

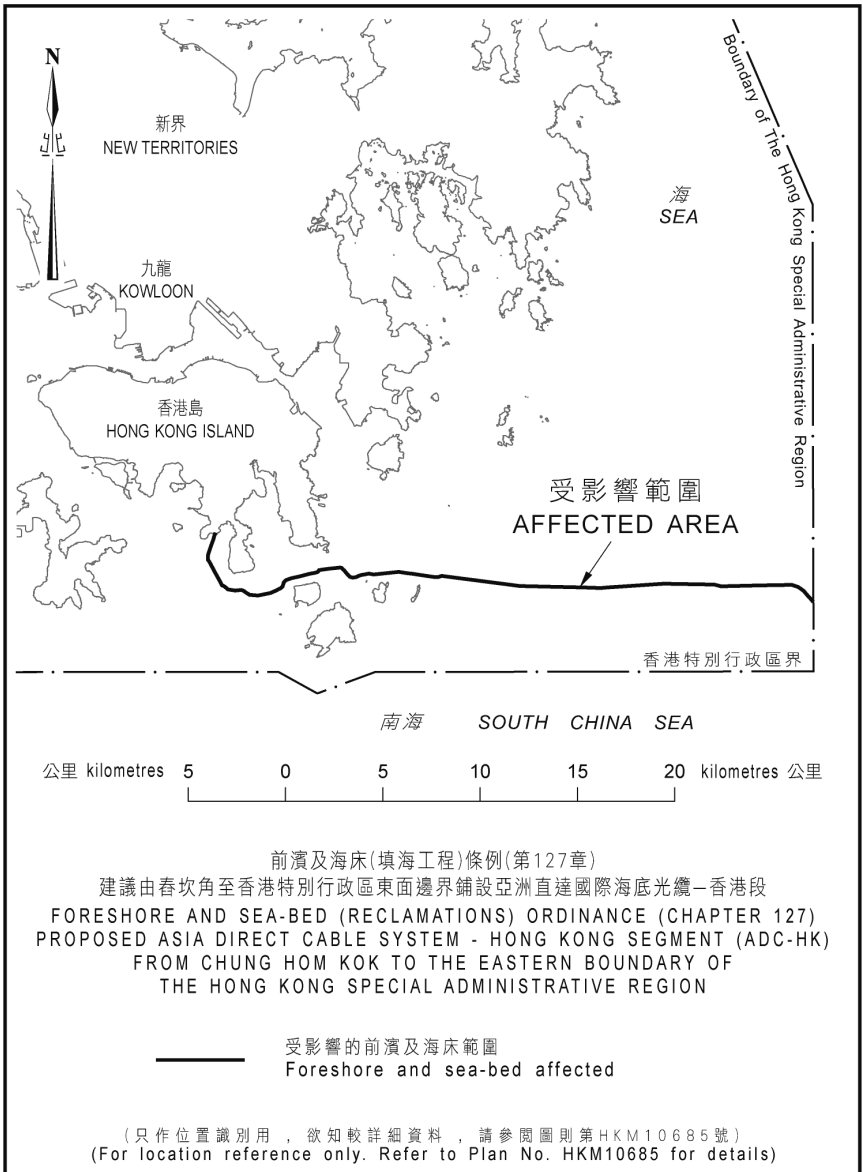

The area of foreshore and sea-bed affected is shown on the plan on the next page for identification purposes only. The area is more particularly shown on the plan numbered HKM10685 above referred to.

#### Personal Information Collection Statement

Any information, including the personal data, submitted to the Director of Lands in connection with any written objections/comments will be used for the processing of the objections/comments and other related purposes. The provision of any information, including the personal data, other than the information as required under section 6(2) of the Foreshore and Sea-bed (Reclamations) Ordinance (Chapter 127) is voluntary. However, it may not be possible to process the objections/comments if such information, including the personal data, is not sufficiently provided. Any information, including the personal data, so submitted may be disclosed to the relevant government departments and other persons, organizations or agencies which are required to handle the objections/comments and related matters. Persons who have so submitted their personal data have the rights to request access to and correction of their personal data held by us. Request for access to or correction of the personal data should be made in writing to the Departmental Personal Data Controlling Officer of Lands Department at 21st Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong.

24 December 2021

Alan LO Deputy Director/Specialist, Lands Department
