

SEROLOGIC TESTING SERVICE AFTER HEPATITIS B VACCINATION
(FOR BABIES BORN TO MOTHERS INFECTED WITH HEPATITIS B VIRUS)—
LIST OF CHARGES

With effect from 3 January 2022, Eligible Persons and Non-eligible Persons attending the Maternal and Child Health Centres (MCHCs) for child health service may receive Serologic Testing Service after Hepatitis B Vaccination (for babies born to mothers infected with hepatitis B virus) at the charges set out below:—

(A) Eligible Persons	No charge
(B) Non-eligible Persons	\$1,170

Note:—

- (i) The charge for the Serologic Testing Service after Hepatitis B Vaccination (for babies born to mothers infected with hepatitis B virus) does not include the charge for the child health service provided by MCHCs.
- (ii) For definition of 'Eligible Persons', please refer to G.N. 5777 to Gazette No. 39/2013.

31 December 2021
