

G.N. (E.) 150 of 2022

PREVENTION AND CONTROL OF DISEASE (COMPULSORY TESTING FOR CERTAIN PERSONS) REGULATION

Compulsory Testing Notice

I hereby exercise the power conferred on me by section 10(1) of the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (*the Regulation*) (Chapter 599, sub. leg. J) to:—

Category of Persons

(I) specify the following category of persons:—

any person ^[Note 1] who, when the restriction-testing declaration (*declaration*) involving Yat Kwai House, Kwai Chung Estate, Kwai Chung, New Territories, Hong Kong made on 21 January 2022 was effective, was present in the restricted area identified by the declaration in any capacity (including but not limited to residents, visitors and workers);

Requirements and Procedure for the Test

(II) require every person falling within the specified categories to undergo a polymerase chain reaction-based nucleic acid test for the coronavirus disease 2019 (the Specified Test) in compliance with the requirements and procedure set out below:—

Tests on the first four days upon revocation of the declaration

(a) for a test using a specimen bottle distributed by public officer(s):—

- (i) obtain a specimen bottle from public officer(s);
- (ii) collect relevant sample in the aforesaid specimen bottle as per the guidelines in the specimen collection pack;
- (iii) return, every day during the four-day period from 28 January 2022 to 31 January 2022, the specimen bottle with the sample to one of the designated collection points ^[Note 2]; and
- (iv) keep the SMS (mobile phone text message) notification containing the result of the test, and provide the relevant SMS notification for checking by a prescribed officer when the prescribed officer requires the person to provide information about his or her undergoing the Specified Test;

OR

(b) for a test with a specimen bottle obtained:—

- (i) obtain a specimen bottle from one of the 120 post offices, 46 general out-patient clinics of the Hospital Authority or vending machines set up at 20 MTR stations ^[Note 2];
- (ii) collect deep throat saliva sample in the specimen bottle as per the guidelines provided together with the specimen bottle;
- (iii) return, on the dates specified under Part (II)(a)(iii), the specimen bottle with the sample to one of the designated collection points ^[Note 2]; and
- (iv) keep the SMS (mobile phone text message) notification containing the result of the test, and provide the relevant SMS notification for checking by a prescribed officer when the prescribed officer requires the person to provide information about his or her undergoing the Specified Test;

OR

(c) for a test at general out-patient clinics of the Hospital Authority:—

- (i) undergo, on the dates specified under Part (II)(a)(iii), the Specified Test at general out-patient clinics of the Hospital Authority as instructed by a medical professional of the Hospital Authority; and

- (ii) keep the SMS (mobile phone text message) notification containing the result of the test, and provide the relevant SMS notification for checking by a prescribed officer when the prescribed officer requires the person to provide information about his or her undergoing the Specified Test;

OR

(d) for a self-arranged test:—

- (i) arrange for the carrying out of the Specified Test at a laboratory which is included in the list of recognised laboratories for the Specified Test published at the coronavirus disease 2019 thematic website on https://www.coronavirus.gov.hk/pdf/List_of_recognised_laboratories_RTPCR.pdf and which can issue SMS (mobile phone text message) notifications in respect of test results;
- (ii) undergo, on the dates specified under Part (II)(a)(iii), the Specified Test in accordance with the instructions given by the staff of the laboratory; and
- (iii) keep the SMS (mobile phone text message) notification containing the result of the test, and provide the relevant SMS notification for checking by a prescribed officer when the prescribed officer requires the person to provide information about his or her undergoing the Specified Test;

AND

Test on the 7th day upon revocation of the declaration ^[Note 3]

(e) for a test at mobile specimen collection stations/temporary specimen collection stations:—

- (i) attend, on 3 February 2022, one of the mobile specimen collection stations/temporary specimen collection stations ^[Note 4] set up by the Government;
- (ii) undergo the Specified Test, including providing a sample taken through combined nasal and throat swabs, in accordance with the instructions given by the staff at the station; and
- (iii) keep the SMS (mobile phone text message) notification containing the result of the test, and provide the relevant SMS notification for checking by a prescribed officer when the prescribed officer requires the person to provide information about his or her undergoing the Specified Test;

OR

(f) for a test at Community Testing Centres:—

- (i) attend, on 3 February 2022, one of the Community Testing Centres ^[Note 5] set up by the Government;
- (ii) undergo the Specified Test, including providing a sample taken through combined nasal and throat swabs, in accordance with the instructions given by the staff at the centre; and
- (iii) keep the SMS (mobile phone text message) notification containing the result of the test, and provide the relevant SMS notification for checking by a prescribed officer when the prescribed officer requires the person to provide information about his or her undergoing the Specified Test;

OR

(g) for a test using a specimen bottle distributed to the buildings specified in Part (I) above by public officer(s) (if applicable):—

- (i) obtain a specimen bottle from public officer(s);
- (ii) collect relevant sample (which must not be deep throat saliva sample) in the aforesaid specimen bottle as per the guidelines in the specimen collection pack;
- (iii) return, on 3 February 2022, the specimen bottle with the sample to one of the designated collection points ^[Note 2] specified in the information provided in the specimen collection pack; and
- (iv) keep the SMS (mobile phone text message) notification containing the result of the test, and provide the relevant SMS notification for checking by a prescribed officer

when the prescribed officer requires the person to provide information about his or her undergoing the Specified Test;

OR

(h) for a self-arranged test:—

- (i) arrange for the carrying out of the Specified Test at a laboratory which is included in the list of recognised laboratories for the Specified Test published at the coronavirus disease 2019 thematic website on https://www.coronavirus.gov.hk/pdf/List_of_recognised_laboratories_RTPCR.pdf and which can issue SMS (mobile phone text message) notifications in respect of test results;
- (ii) undergo, on 3 February 2022, the Specified Test in accordance with the instructions given by the staff of the laboratory, including providing a sample taken through combined nasal and throat swabs; and
- (iii) keep the SMS (mobile phone text message) notification containing the result of the test, and provide the relevant SMS notification for checking by a prescribed officer when the prescribed officer requires the person to provide information about his or her undergoing the Specified Test;

(III) require every person who falls within the above category to take appropriate personal disease prevention measures as far as reasonably practicable, including wearing a mask and maintaining hand hygiene; and unless for the purpose of undergoing the Specified Test, stay at his/her place of residence and avoid going out until the test result is ascertained as far as possible;

Period Specified for the Purpose of Section 14(3)(b) of the Regulation

(IV) specify, in respect of the five required tests specified in Part (II), in relation to the category of persons in Part (I) above the five 30-day periods from 29 January 2022, 30 January 2022, 31 January 2022, 1 February 2022 and 4 February 2022 as the periods during which a Compulsory Testing Order may be issued under the Regulation upon non-compliance with this Notice;

Appointment of Prescribed Officers

(V) appoint members of the Auxiliary Medical Service and all public officers of the Government of the Hong Kong Special Administrative Region to perform a function under the Regulation concerning a requirement specified under this Notice ¹Note 6.

Note 1:—

If a person who falls within the category specified in Part (I) above is required to undergo quarantine pursuant to section 22 of the Prevention and Control of Disease Regulation (Chapter 599, sub. leg. A), that person is not required to comply with the requirements set out in this Notice during the quarantine period.

If a person who falls within the category specified in Part (I) above is receiving inpatient care in a hospital managed by the Hospital Authority on the required testing date(s), he/she would be taken to have complied with the requirements set out in the compulsory testing notice if he/she informs a medical professional of the Hospital Authority of the applicable testing requirements and follows the testing arrangement as instructed by the hospital concerned during his/her hospitalisation.

Note 2:—

The location and opening hours of post offices, general out-patient clinics and MTR stations distributing specimen bottles as well as the specimen collection location and time are set out in <https://www.coronavirus.gov.hk/eng/early-testing.html>.

Note 3:—

If a person who falls within the category specified in Part (I) above is issued a medical certificate by a registered medical practitioner (*relevant medical certificate*), proving that he/she is unfit to undergo the Specified Test using a sample taken through combined nasal and throat swabs in

compliance with the requirements and procedure set out in Part (II)(e), (f) or (h) because of health reasons, then he/she may undergo the Specified Test on 3 February 2022 using a deep throat saliva sample in compliance with the requirements and procedure set out below:—

- (a) for a test with a specimen bottle obtained:—
 - (i) obtain a specimen bottle from one of the 120 post offices, 47 general out-patient clinics of the Hospital Authority or vending machines set up at 20 MTR stations ^[Note 2];
 - (ii) return, on 3 February 2022, the specimen bottle with the sample to one of the designated collection points ^[Note 2]; and
 - (iii) keep the SMS (mobile phone text message) notification containing the result of the test and the relevant medical certificate, and provide the relevant SMS notification and relevant medical certificate for checking by a prescribed officer when the prescribed officer requires the person to provide information about his or her undergoing the Specified Test;

OR

- (b) for a test at general out-patient clinics of the Hospital Authority:—
 - (i) undergo, on 3 February 2022, the Specified Test at general out-patient clinics of the Hospital Authority as instructed by a medical professional of the Hospital Authority; and
 - (ii) keep the SMS (mobile phone text message) notification containing the result of the test and the relevant medical certificate, and provide the relevant SMS notification and relevant medical certificate for checking by a prescribed officer when the prescribed officer requires the person to provide information about his or her undergoing the Specified Test;

OR

- (c) for a self-arranged test using deep throat saliva sample:—
 - (i) arrange for the carrying out of the Specified Test at a laboratory which is included in the list of recognised laboratories for the Specified Test published at the coronavirus disease 2019 thematic website on https://www.coronavirus.gov.hk/pdf/List_of_recognised_laboratories_RTPCR.pdf and which can issue SMS (mobile phone text message) notifications in respect of test results;
 - (ii) undergo, on 3 February 2022, the Specified Test in accordance with the instructions given by the staff of the laboratory; and
 - (iii) keep the SMS (mobile phone text message) notification containing the result of the test and the relevant medical certificate, and provide the relevant SMS notification and relevant medical certificate for checking by a prescribed officer when the prescribed officer requires the person to provide information about his or her undergoing the Specified Test.

Note 4:—

The location, opening hours and target groups (if applicable) of the mobile specimen collection stations are set out in <https://www.coronavirus.gov.hk/eng/early-testing.html>.

Note 5:—

The location and opening hours of the Community Testing Centres are set out in <https://www.communitytest.gov.hk/en/>.

Note 6:—

Under the Regulation, health officers may, without the need of an appointment, perform a function concerning a requirement under a Compulsory Testing Notice.
