Note 1:—

Having 'received the first dose of vaccine' means having received the first dose of the Sinovac vaccine (*CoronaVac vaccine*) or the first dose of Fosun Pharma/BioNTech vaccine (*Comirnaty vaccine*), or having received, in places outside of Hong Kong, one dose of vaccine, subject to the vaccine used being included on the list of vaccines recognised for this purpose as published on the Government's Thematic Website (https://www.coronavirus.gov.hk/pdf/list_of_recognised_covid19_vaccines.pdf).

For both the CoronaVac vaccine and Comirnaty vaccine, completion of the vaccination course in general means having received two doses of vaccine at least 14 days ago, except for persons previously infected with COVID-19, who are to receive one dose of vaccine at least 14 days ago. For persons aged 12 to 17, they may be deemed to have completed the vaccination course after receiving one dose of Comirnaty vaccine at least 14 days ago. For individuals who received COVID-19 vaccines in places outside of Hong Kong and have received the recommended dose(s) as stipulated in relevant guidelines at least 14 days ago, they will also be regarded to have completed the vaccination course of the relevant vaccine(s), subject to the vaccine used being included on the list of vaccines recognised for this purpose as published on the Government's COVID-19 Thematic Website (https://www.coronavirus.gov.hk/pdf/list_of_recognised_covid19_vaccines.pdf). If an individual who received COVID-19 vaccine(s) in places outside of Hong Kong is to enter a premises that is subject to the requirement about COVID-19 vaccination of customers or work at a premises that is subject to the requirement about vaccination of staff, he/she must:—

- (a) make a declaration to the relevant premises operator using the specified form available on the COVID-19 Thematic Website/relevant webpage of the Food and Environmental Hygiene Department (*FEHD*) and produce the vaccination record issued by the relevant local authority to the premises operator/manager; or
- (b) make a declaration to the Government on the non-local COVID-19 vaccination record, and produce to the relevant premises operator the QR code of vaccination record for local use issued by the Government (for methods of declaration, please refer to "FAQ – Non-local COVID-19 Vaccination Record" as published on the Government's COVID-19 Vaccination Programme Thematic Website (www.covidvaccine.gov.hk/en/faq)).

The 14th day before a person has completed a vaccination course is counted by taking the next day after the person received vaccine as the 1st day. For example, for a person who has not been infected with previously and who received the second dose of CoronaVac vaccine or Comirnaty vaccine on 29 April 2021, the '1st day' would be 30 April 2021 and the '14th day' would be 13 May 2021, on and after which the person would be considered to have completed a vaccination course.

In respect of premises to which the requirement that staff members must have completed a COVID-19 vaccination course is applicable, if there are staff members who had been issued a

medical certificate proving that they were unfit for COVID-19 vaccination because of health reasons, and such staff members subsequently received COVID-19 vaccination, then:—

for (a) such staff members who have received the first dose of Comirnaty vaccine or CoronaVac vaccine; (b) such staff members who have received the second dose of Comirnaty vaccine or CoronaVac vaccine but it has been less than 14 days after such vaccination; (c) such staff members who have received one dose of Comirnaty vaccine or CoronaVac vaccine but it has been less than 14 days after such vaccination and who were previously infected with COVID-19; or (d) such staff members aged 17 or below and employed in compliance with the Employment Ordinance (Chapter 57) who have received one dose of Comirnaty vaccine but it has been less than 14 days after such vaccination, they would be deemed to have complied with the requirement that staff members must have completed a COVID-19 vaccination course if they adopt the following measures, notwithstanding the fact that they have not completed a COVID-19 vaccination course:—

- (i) premises operator must ensure that such staff members keep the above medical certificate (regardless of whether the validity period of that certificate had expired before such staff members received the relevant vaccine);
- (ii) premises operator must arrange for such staff members to undergo a polymerase chain reaction based nucleic acid test for COVID-19 once every 7 days starting from 30 December 2021 and the sample(s) of the test(s) conducted must be taken through combined nasal and throat swabs which must not be taken by the person being tested ^[Note 10], and ensure that such staff obtain SMS (mobile phone text message) notification containing the result of the test before 6 January 2022 and the end of every subsequent 7-day period and keep record of each SMS notification for 31 days;
- (iii) (only applicable to the staff members in item (a)) premises operators must ensure that such staff members have already made an appointment for receiving the second dose of Comirnaty vaccine or CoronaVac vaccine and the date of appointment for the second dose of vaccine and the date of receiving the first dose of vaccine can at most be 35 days apart, and ensure that the relevant staff members keep record of the above appointment; and
- (iv) premises operator must ensure that such staff members keep the relevant COVID-19 vaccination record.

Note 2:—

If a staff member involved in the operation of the business on the premises or a performer at the scheduled premises specified in item (I)(3) is unfit to receive vaccination because of health reasons, then he/she must make a declaration using the specified form available on the Thematic Website/relevant webpage of the FEHD and produce a medical certificate to the relevant premises operator/employer, as well as undergo a polymerase chain reaction-based nucleic acid test for using a test sample taken through combined nasal and throat swabs which must not be taken by the person being tested ^[Note 10] once every 7 days starting from 30 December 2021, and ensure that a SMS notification containing the result of the test is obtained before 6 January 2022 and the end of every subsequent 7-day period and keep record of each SMS notification for 31 days. The relevant premises operator/employer must keep the above declaration form(s). A premises operator and the relevant staff member or performer who satisfy the above conditions may be deemed to have complied with the relevant requirement about staff or performer receiving vaccination.

Note 3:—

Premises operator must download and install the “QR Code Verification Scanner” mobile application provided by the Government from App Store, Google Play or HUAWEI AppGallery according to the operating system of his or her mobile device and use the mobile application to scan the customers’ QR code of vaccination record for checking whether the customers (except for individuals who received vaccine(s) in places outside of Hong Kong ^[Note 11]) have complied with the relevant requirement about vaccination.

Note 4:—

For a business premises operating as karaoke establishments prior to the commencement of the Specified Period, it may choose, in accordance with paragraph (C)(I)(g) of G.N.(E.) 18 of 2022, to operate during the Specified Period solely as catering business without any karaoke activity

being conducted on the premises in one of the modes of operation of catering business under paragraph (A) of that notice. Such business premises is not subject to the directions under this notice but is instead subject to the directions under G.N.(E.) 18 of 2022. Once a karaoke establishment has chosen to operate in the mode of operation of catering business, it may not change back to operate in the mode of operation under paragraph (I)(A) or (I)(B) of this notice during the Specified Period and vice versa.

Note 5:—

If a staff member involved in the operation of the business on the premises specified in paragraph (III) is unfit to receive vaccination because of health reasons, then he/she must make a declaration using the specified form available on the Thematic Website/relevant webpage of FEHD and produce a medical certificate to the relevant premises operator/manager/employer, as well as undergo a polymerase chain reaction-based nucleic acid test for using a test sample taken through combined nasal and throat swabs which must not be taken by the person being tested^[Note 10] once every 7 days starting from 30 December 2021, and the premises operator/manager/employer or the relevant staff member must keep record of the relevant test results. The relevant premises operator/manager/employer must keep the above declaration form(s). A premises operator/manager/employer and the relevant staff member who satisfy the above conditions may be deemed to have complied with the relevant requirement about staff receiving vaccination.

Note 6:—

If a customer aged 12 or above of the premises specified in paragraph (III) is unfit to receive vaccination because of health reasons, then he/she must make a declaration using the specified form available on the Thematic Website/relevant webpage of FEHD and produce a medical certificate to the relevant premises operator/manager. The relevant customer who satisfies the above conditions may be deemed to have complied with the relevant requirement about customer receiving vaccination.

A customer aged between 12 and 17 of the premises specified in paragraph (III) may be deemed to have complied with the relevant requirement about customer receiving vaccination if he/she has received one dose of CoronaVac vaccine.

Note 7:—

If within 72 hours prior to the customer's scheduled boarding time, a Tropical Cyclone Warning Signal No. 8 or above is in force or anticipated to be in force, then the customer may produce a negative result proof of a polymerase chain reaction-based nucleic acid test for with the test sample taken within 72 hours (instead of 48 hours) prior to boarding the cruise ship.

Note 8:—

If a person belonging to any one of the following three categories of persons is unable to use the "LeaveHomeSafe" mobile application to record his/her visit to the relevant premises, he/she should use the specified form available on the COVID-19 Thematic Website / FEHD webpage or a written or electronic form separately prepared containing all content in the aforementioned standard form to register his/her name, contact number and the date and time of his/her visit and the relevant premises operator must keep the written or electronic records for 31 days (this arrangement does not apply to bathhouses, party rooms, clubs or nightclubs, karaoke establishments and mahjong-tin kau premises):—

- (1) persons aged 65 or above or aged 15 or below;
- (2) persons with disability; and
- (3) other persons recognized by the Government or organization(s) authorized by the Government as eligible for the above arrangement.

Only in respect of a person aged 15 or below who is unable to use the "LeaveHomeSafe" mobile application, if his/her adult accompanying person has used the "LeaveHomeSafe" mobile application to scan the relevant venue QR code or used the above specified form to register relevant information in accordance with the relevant requirements, he/she would not have to register the relevant information using the specified form (this arrangement does not apply to bathhouses, party rooms, clubs or nightclubs, karaoke establishments, mahjong-tin kau premises and cruise ships).

The requirements on customers' use of "LeaveHomeSafe" mobile application do not apply to scheduled premises that are regulated under the Regulation and owned or managed by the Government of the Hong Kong Special Administrative Region.

Note 9:—

Among the requirements and restrictions, a person under the age of 2 is not required to comply with the requirement in relation to the wearing of mask within any scheduled premises.

Note 10:—

If a person who needs to comply with the requirement about undergoing polymerase chain reaction-based nucleic acid test(s) for COVID-19 (*the relevant test(s)*), and the sample(s) for such test(s) should be taken through combined nasal and throat swabs, is issued a medical certificate by a registered medical practitioner (*relevant medical certificate*), proving that he/she is unfit to undergo the relevant test(s) using sample(s) taken through combined nasal and throat swabs because of health reasons, then he/she may undergo the relevant test(s) using deep throat saliva sample(s).
